American Recovery and Reinvestment Act of 2009
Section 1511 Certification

I, George James, Chairman of the
(Name of person) ((Title (Mayor, County Judge, Chairman, etc))

Phillips County Sewer Facilities is the chief executive officer and pursuant to
(Entity Name)

ARRA Section 1511 makes the following certification.

The investment in infrastructure projects listed below has received the full review and vetting required by law. I, in my official capacity, have determined and accept the responsibility that the infrastructure investment is an appropriate use of taxpayer dollars.

Project

Funding Source:

USDA/Rural Development ____ Community Facility or X Water and Wastewater Funds
(Check appropriate blank)

Estimated Total Project Costs: $ 6,914,000.00

Estimated ARRA Funds: $ 5,878,000.00

Description of Project Need:
The project will provide approximately 41 miles of combined gravity sewer collection lines and pump station force mains, sewer pump stations and other capital improvements to serve approximately 316 new sewer customers. More than 50% of these customers are low to moderate income families. The project will make significant improvements to the environment and to the health and sanitation of these households by eliminating raw sewage in ditches and streams resulting from failed septic systems due to the poor soil conditions in the project area. Raw sewage collected by this system will be pumped to a formal sewer lagoon system for proper treatment.

Certified this 20 day of May, 2010.
