	<b>7302010-BEEBE HIGH SCHOOL</b>
	Budget Amount: \$881,327.00
	Project Narrative: A new career and technical center will be constructed for students in the high school. The center will provide many additional courses and opportunities to learn at an application level. The total cost of the building will be approximately \$6,000,000.00, partially funded by partnership funds. The project was approved by the Arkansas Facilities Division in 2007.
	Goals:
	College and Career Ready Preparation Data-Driven Programs or Processes

School District: 7302000-BEEBE SCHOOL DISTRICT

### District Plan Input

---

**6801-SFSF -  
New  
Construction**

Intensive Support and Effective Interventions  
Teachers Effectiveness and Equitable Distribution

Goal Justification: 1. College Readiness - The skills students will learn in the Career and Technical Center will enhance their postsecondary education and careers. 2. The Career and Technical Center is being constructed to expand course offerings and meet the needs of secondary students. Students who take workforce education classes are assessed each year and the data used to make program improvements. 3. Classes in this building will be available and beneficial for all students, regardless of level. 4. Teachers will be available for intensive support when necessary. In addition, some of the classes in this program will help students achieve at a higher rate in other classes.

Start Date:  
End Date:

---

**6802-SFSF -  
Modernization**

**7302000-BEEBE SCHOOL DISTRICT**

Budget Amount: \$115,000.00

Project Narrative: Communication in the 245 mile district will be improved for the district with the purchase of new radios and telephone system. The new radio system will make it possible to contact buses if it is necessary to check on a child. The radio system also makes it possible to communicate with the two schools that are located off the main campus. This is very important for safety purposes and will be incorporated into the district crisis and mitigation plans. The telephone system will replace a system that is inadequate and inefficient. The new system will allow intercom communication between buildings and an automated answering system. This will improve communication with parents and patrons as well.

Goals:

Teachers Effectiveness and Equitable Distribution

Goal Justification: Goal 3 - The new communication systems will provide better communication across the district. Previously, cell phones would not reach some isolated parts of the district. Additionally, the old telephone system had "rollover" lines which would show incorrect numbers on parents caller ids. When parents returned calls, it would often to be a wrong building that could not help them.

Start Date: July 01, 2009

End Date: July 29, 2009

---

**7302008-BEEBE ELEMENTARY SCHOOL**

Budget Amount: \$123,074.00

Project Narrative: The lighting system at Beebe Elementary will be upgraded to T8 from T12 which will be more efficient and provide substantial savings in utility bills. Wiring will be upgraded to support using technology. Due to the age of the building, wiring is not sufficient to support computers, smart boards, etc.

Goals:

Teachers Effectiveness and Equitable Distribution

---

## 9999-7302000-Stabilization

Workflow Data Version: **Current Version**

School District: 7302000-BEEBE SCHOOL DISTRICT

### District Plan Input

---

#### 6802-SFSF - Modernization

Goal Justification: Goal 3 - The new lighting system will provide better efficiency and better lighting for the classroom instruction, which, in turn, makes the teacher more effective. The improved wiring will allow utilization of more technology into instruction which will give more options to teachers and provide clarity for students. Both of these improvements will provide better learning and working environment for students and staff members.

Start Date: July 01, 2009

End Date: July 29, 2009

---

#### 7302009-BEEBE JUNIOR HIGH SCHOOL

Budget Amount: \$20,000.00

Project Narrative: The obsolete doors will be replaced with new secure, energy efficient doors to allow more security. Maintenance problems with the doors have been numerous. The new doors will reduce utility and maintenance costs, which will allow more funding for instructional purposes.

Goals:

Teachers Effectiveness and Equitable Distribution

Goal Justification: Goal 3 - The obsolete doors need to be replaced to reduce maintenance and provide a comfortable learning environment for students.

Start Date: July 01, 2009

End Date: July 29, 2009

---

#### 7302010-BEEBE HIGH SCHOOL

Budget Amount: \$50,000.00

Project Narrative: The obsolete doors on the JrROTC Building will be replaced with new secure, energy efficient doors to allow more security. Maintenance problems with the doors have been numerous. The new doors will reduce utility and maintenance costs, which will allow more funding for instructional purposes.

Goals:

Teachers Effectiveness and Equitable Distribution

Goal Justification: Goal 3 - The obsolete doors on the JrROTC Building need to be replaced to reduce maintenance and provide a comfortable learning environment for students. Band instruments will be purchased to allow opportunities for all students to participate in band. This will provide a more equitable situation for lower socioeconomic families.

Start Date: July 08, 2009

End Date: July 29, 2009

---

#### 7302011-BEEBE MIDDLE SCHOOL

Budget Amount: \$20,000.00
